

ROLLER GRATING

Product Code RRG (width x length)

Features and benefits

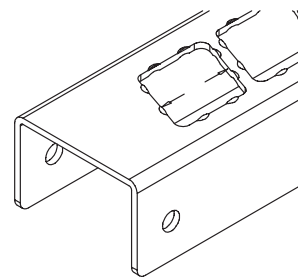

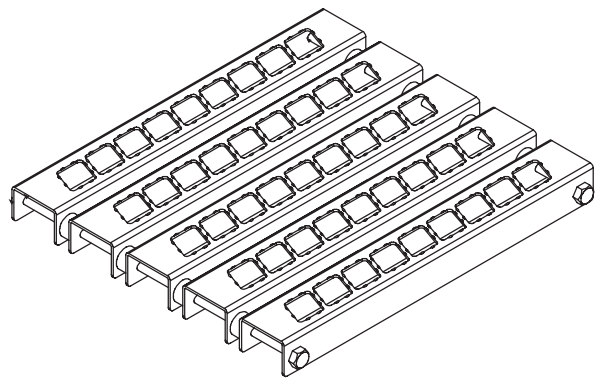

- Rust resistant stainless steel
- Easy to clean
- Hygienic
- Safe and strong
- Unique anti-slip design
- Available in a range of sizes

Product information

Made from 304 grade stainless steel the Rollergrate™ is long lasting and will actually contribute to accident prevention.

It's unique design allows for simple fast cleaning with a high pressure hose or merely rolled up and placed in a dishwasher to save time.

The lightweight U-Tread design also means that a single person can easily handle even the largest grates.
