WOOD (120LTR)
WOOD (240LTR)

Features and benefits

- Stylish design
- Lockable door
- Well ventilated
- Level adjustment
- Corrosion resistant
- Alternative Punch Patterns Available

Product information

Woodroffe Public/Council Rubbish Enclosures are designed to accommodate 80 litre, 120 litre, 240 litre Sulo mobile garbage bins.

The Enclosure can be secured to the ground with 2 dynabolts or chemical anchors, while the 4 adjustable stainless steel feet enable the unit to sit upright on cambered surfaces.

The standard door lock has an 8mm square shaft, and alternative lock types can be provided on request.

The Enclosure lid is manufactured from high quality 304 grade stainless steel, and body can be supplied in stainless steel or powdercoated steel. Steel bodies are first zinc plated to provide corrosion protection. Alternative punch patterns in the bin body can be provided upon request.

Bin shown is Type 131 designed by:

80 Litre	Width 587mm	Height 935mm	Depth 587mm
120 Litre	Width 600mm	Height 1050mm	Depth 600mm
240 Litre	Width 719mm	Height 1136mm	Depth 782mm

Note: Sizes are subject to change without notice
