

## SHOWER BASES (STANDARD & WHEELCHAIR ACCESS)

**Product Code** SHWRSTD  
SHWRDISAB

### Features and benefits

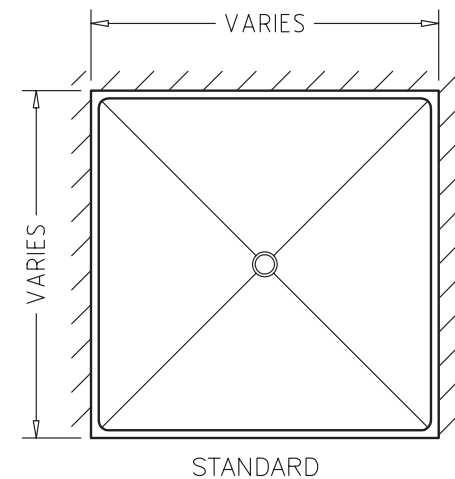

- Stylish design
- Durable
- Custom sizes available
- 304 or 316 grade stainless steel
- Anti slip option available

### Product information

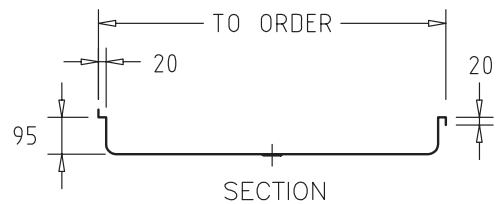

Manufactured from 1.2 304 or 316 grade stainless steel Woodroffe Shower Bases incorporate full internal radius corners for easy cleaning and 20mm tile rebates for easy installation.

As these units are fully fabricated the outlet can be positioned in any location.

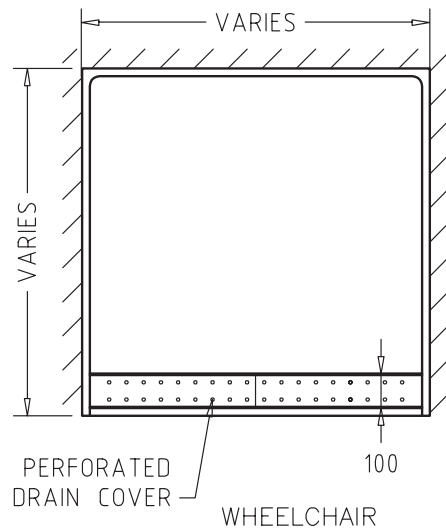

The anti slip flooring option is achieved by sand blasting and passivating the base to provide a rough textured finish.
