

### KNEE OPERATED BASINS

**Product Code** WBKO

#### Features and benefits

- Economical
- Stylish design
- Seamless construction
- Easy to install
- Includes knee operated valve

#### Product information

Woodroffe's Knee Operated Basin provides a hygienic alternative for hand washing. The large front push panel can easily be operated by any part of the body, whilst the timed water release means you can be sure of a completely hygienic clean.

The Knee Operated Basin utilises the standard Woodroffe 500x400 Wash Basin combined with a single press adjustable timed water release valve. It incorporates easy install wall fixing brackets and is supplied complete ready to plumb.

The versatility of this unit makes it practical for use in any application.
